

## Summary of Sharing PPOBlue \$250 Benefits

With your PPO, or Preferred Provider Organization, if you receive services from a provider who is in the PPO network, you'll receive the highest level of benefits. If you receive services from a provider who is not in the PPO network, you'll receive the lower level of benefits. In either case, you coordinate your own care. There is no requirement to select a Primary Care Physician (PCP) to coordinate your care. Below are specific benefit levels that apply during your benefit period.

- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's renewal date. Contact your employer to determine the renewal date applicable to your program.
- (2) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (3) State mandated minimum benefits may apply to a diagnosis of serious mental illness. (If the above grid does not show a limit, your mental health benefit days and visits are unlimited.)
- (4) Highmark Healthcare Management Services (HMS) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Some facility providers will contact HMS and obtain precertification of the inpatient admission on your behalf. Be sure to verify that your provider is contacting HMS for precertification. If not, you are responsible for contacting HMS. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
- (5) Prescriptions are covered as long as they are listed on the prescription drug formulary applicable to your plan. To obtain a prescription medication that is not included on this formulary, your doctor must complete the 'Prescription Drug Medication Request Form' and return it to the Pharmacy Affairs Department for clinical review. Under the mandatory generic provision, you are responsible for the payment differential when a generic drug is available and you or your doctor specifies a brand name drug. Your payment is the price difference between the brand name drug and the generic drug in addition to the brand name drug copayment or coinsurance amounts, which may apply.
