Supporting your benefit plan needs every step of the way.

HOW DO I STACK UP?

We'll help you benchmark your cost and utilization data against nationally recognized norms, and provide access to thousands of survey results to see how you compare to others in your field.

WHAT'S MY BEST OPTION?

Extend the cost-savings to your employees by taking the guesswork out of open enrollment – your employees can input their expected health care needs and discover the most cost-effective plan for them.

WHAT'S THE IMPACT OF A CHANGE?

Balance cost efficiency with maintaining value in your plan - we can offer plan design modeling to show you the impact of a change before making any decisions.

IS MY RENEWAL FAIR?

To ensure the best renewal quote, we can calculate your projected plan renewal costs. This tool also allows for mid-year projections to help you better budget and plan ahead.
